

2X-FR-S-09

Addressable Fire Panel Repeater - Small cabinet - Spanish

Overview

The 2X Series life safety control systems are bringing the speed and functionality of high-end intelligent processing to small to mid-sized addressable applications. They feature an attractive contemporary design that fits with any decor. Special plastics allows for painting in any color and the easy to remove electronics will support in this matter. The gently lined door with the intuitive dark inset user interface and EN54 compliant graphical LCD offers a distinctive flair. The main controls are clearly, but discreetly highlighted with the focus on the central located Jog Dial.

With the addressable detection and a full line of easily configured option cards and modules, USB and Ethernet® connectivity, these quick-to-configure systems offer versatility that benefits building owners and life safety system installers alike.

The Panel

The fire panel repeaters supplied in local language come with a 2010-2-NB network board already fitted. Except for having no addressable loops and corresponding programmable outputs, the setup is similar as a normal fire panel. It and has its own power supply, 2 conventional relay outputs and 2 supervised outputs, working in pair and dedicated to common fire and fault conditions, as well as 2 user configurable inputs for monitoring and control are available.

Options

The repeaters use a node on the network, similar like a normal panel with a maximum of 32 nodes / 32 loops network of fire panels and fire panel repeaters (including conventional fire panels and fire panel repeaters up to a maximum of 64 conventional zones). Last but not least, in case seperate zone indications are required, a 24 zone fire/fault LED indicator board can be mounted in the panel or repeater with space for a 4 digit number.

Approvals & Compliance

- CE / CPD / EN54-2 / EN54-4 / EN54-21 NEN2535 / NBNS21-100 compliant
- BS5839-1 compliant
- · VdS and LPCB certified
- WEEE / RoHS compliant

Standard Features

- Local or global repeater with or without global control functionality
- Up to 24 LED Zone indicators for Fire and Fault with space for a 4 digit number
- Auto configuration, setup wizards and default EN54 setup modes
- Ethernet port with TCP/IP for remote diagnostics, maintenance and programming
- EN54 compliant graphical LCD with icons and up to 256 zones
- Jog Dail with 4 soft buttons for simple and intuitive user control
- Aesthetic pleasing design with special paintable synthetic door
- Easy removable door and chassis for quick and clean installation
- All pluggable connectors
- 3 USB ports with memory stick support and RS232 for printer support
- Email notification for events directly from the panel (4 user accounts)
- Auxiliary 24VDC supply output with reset support
- 3 operator level menu structure (20 usernames and passwords)
- History log memory for 9999 events
- Up to 24 hours standby time and 30 minutes alarm
- · Comes standard fitted with network board

Addressable Fire Panel Repeater - Small cabinet - Spanish

Specifications

Electrical	
Power supply type	VAC
Operating voltage	110/230 VAC (+10%/-15%)
Current consumption	Nom. 0.6 / 1.3 A, Max. 1.5 / 3.15 A
Standby battery	
Capacity	Max. 2 x 12V/7.2Ah (use supplied cables)
Physical	, II ,
Physical dimensions	410 x 162 x 298 mm (W x H x D)
Net weight	5.2 kg (without battery)
Shipping weight	6.6 kg
Colour	Grey (RAL 7035)
	Surface Mount
Mounting type	
Cable entries	9 (20mm) / 2 (20mm) / 2 removable plates (Top / Bottom / Back)
Environmental	
Operating temperature	-5 to +40°C
Storage temperature	-10 to +50°C
Relative humidity	95% max. noncondensing
Environment	Indoor
IP rating	IP30: for indoor use only
Standards & regulation	•
Compliancy	NBNS21-100, NEN2535, LPCB, BS5839-1, VdS
Certification	EN54-2. EN54-4. EN54-21
Standards	EN54-2 br>EN54-4 br>EN54-21
Environmental	CPD br>WEEE br>RoHS
Mains supply	OI DIDITIVELE INTRONS
	230 / 110 VAC (+10% / -15%)
