

KTP-12DCU

Universal 12 DC Power Supply

Overview

GE Security provides several power supplies that are appropriate for a wide range of power requirements in its products.

Video PSU

The KTP-12DCU is a compact and durable power supply that is typically used to power up indoor Video components. It features an isolated 12 VDC output that can power devices requiring 1 amp or less. The unit can be powered from 230 VAC source.

Standard Features

- Compact design
- European Power Cord
- Versatile to use
- Low voltage DC output
